IDYLLIC RESOURCES management team is a group of individuals that operate the key business functions. It was formed by highly experienced professionals with specialised expertise and training skills.

The management team is also responsible for putting together the business strategy and ensuring the business objectives are met. Our team are able to manage all the critical areas of your business to take it to the next level.

SERVICES

• Manpower

Manpower is the total number of people who can work on a project to get the job done. We provide total supply of personnel available or engaged for a specific work or service. We have access to a rapidly expanding database of locally and regionally available candidates of all disciplines and skill required.

• Contract Manufacturing

Contract manufacturing is an outsourcing of certain production activities to a third-party. We have the expertise to match your requirements with the right candidates for your manufacturing operations.

• Warehouse Services

We provide total warehousing services for storing goods used by manufacturers, importers, exporters, wholesalers, and more. We use specific elements that help them monitor inventory and store their goods safely. This includes shelving and rack systems, climate control system, inventory control software, logistics management and security.
